PRIVATE SPONSORS

“We take this opportunity to express our thanks and appreciation to all our sponsors and donors for the generous support that we received from them in 2016. They play an inherent role in our present and future successes.”

The Fundación Jesús Serra-Catalana Occidente continues to fund the Visiting Scientists Programme that was established to support prestigious international professors for short stays at the CNIO. The beneficiary of the Jesús Serra Foundation’s Visiting Scientist Award in 2016 was Patrick Sung, Professor of Molecular Biophysics and Biochemistry and of Therapeutic Radiology, Yale University School of Medicine in New Haven (USA).

AXA Research Fund (ABF), a global initiative of scientific philanthropy run by the insurance group AXA, awarded an AXA-CNIO Endowed Permanent Chair in Molecular Oncology to Mariano Barbacid as part of its 2011 call.

The Centre also benefits from generous support from private institutions, companies and foundations, as well as via external fundraising from local associations that are equally dedicated to the battle against cancer: Fundación Juegaterapia, Fundación Investigación Biomédica Hospital Universitario 12 de Octubre, Fundación Banco Sabadell, Asociación Española Afectados por Sarcoma (AEAS), Fressia Group, Compañía Logística de Hidrocarburos, Asociación para la Investigación y Formación Neoplásica (ASIFEN), ASISA Vida, French Embassy, AVON Cosmetics S.A.

And last but not least, we would also like to extend our heartfelt thanks to all ‘CNIO Friends’ donors, sponsors and benefactors who – with their generous donations to support cancer research at the CNIO – have ensured the continued support of our research endeavours throughout 2016.

OTHER SPONSORS

The Fundación Marcelino Botín and the Banco Santander are committed to supporting scientific research and knowledge transfer from academia to the market through science programmes; this transfer is regarded as one of the main driving forces for Spain’s economic and social development. These 2 well-recognised organisations collaborate with the CNIO in this regard by supporting the research groups led by Manuel Serrano, Maria A. Blasco and Óscar Fernández-Capetillo.

The Centre also benefits from generous support from private institutions, companies and foundations, as well as via external fundraising from local associations that are equally dedicated to the battle against cancer: Fundación Juegaterapia, Fundación Investigación Biomédica Hospital Universitario 12 de Octubre, Fundación Banco Sabadell, Asociación Española Afectados por Sarcoma (AEAS), Fressia Group, Compañía Logística de Hidrocarburos, Asociación para la Investigación y Formación Neoplásica (ASIFEN), ASISA Vida, French Embassy, AVON Cosmetics S.A.
